
westeros Documentation

Release 1.1.0

Canux CHENG

Aug 05, 2018

Contents

1	Usage	3
2	The User Guide	5
2.1	Indices and tables	5

Test Automation build with robot framework and unittest.

CHAPTER 1

Usage

Use source code:

```
$ git clone https://github.com/crazy-canux/westeros.git  
$ cd westeros  
$ python setup.py install
```

CHAPTER 2

The User Guide

Create the AUC for the business:

```
$ cd westeros/auc
$ mkdir <auc-category-name>
$ cd <auc-category-name>
$ vim manager.py
$ mkdir <auc-sub-name>
$ cd <auc-sub-name>
$ vim auc.py
```

Create the KEYWORDS for workflows:

```
$ cd westeros/keywords
$ vim <keywords_category>_workflow.py
```

Create workflow in robot file:

```
$ cd westeros/examples
$ vim westeros.robot
```

Modify configuration for workflow:

```
$ cd westeros/etc
$ vim global.yaml
$ vim shared.yaml
```

2.1 Indices and tables

- genindex
- modindex
- search
